

**Summer School: July 4 - 29, 2022**

**Summer School Exams: July 29**

### **Course Request / Registrations Dates:**

- Requests for summer school opens April 4: Priority Registration will be given to Palliser students until April 29.
- Seats for summer school are limited and fill up quickly so please ensure applications are completed as soon as possible.
- Registration fee payment information will be emailed to students upon acceptance.
- Registration fee must be received within 48 hours of acceptance or we will move to the next person on the summer waitlist.
- Principals/ VPs to sign off on student course requests prior to submitting summer school request form.

### **Summer Request Form** (closed)

- Students can request the Getting Online orientation (5 credits) plus one additional course.

### **Request for courses does not qualify as automatic acceptance.**

- Students **MUST** commit to being available to meet with teachers for formal synchronous instruction 9am - NOON, PLUS an additional 3 hours every week day to work at their own pace. Teachers are available for open office hours in Blackboard for students who require additional support from 1 - 3:30pm. Students are reminded that one summer school day is EQUAL to ONE week of instruction for a regular academic year. [Summer school schedule is posted here.](#)
- **Morning synchronous instruction will be worth your while!** Online synchronous classes will replace some assignments and instruction from the Moodle based course, which will reduce the amount of independent learning and ensure students are successfully completing. Research demonstrates that students complete with high levels of performance when in regular contact with their teacher.
- Our summer courses will be offered from July 4 - 29 2022 with a **mandatory online meeting on July 4th at 9 am.** Failure to attend this online meeting will risk forfeiting online access.

- The Getting Online orientation must be completed by June 29, 2022. You must request the orientation if you have not taken it before. Orientations will be held in June to ensure that students are prepared to start their summer course by July 4, 2022. You will be contacted by Jacob Fraser with dates to complete the orientation.
- Students must be available for mandatory morning classes online with their teachers daily, 9 -12 noon. Students will be expected to complete assignments in the afternoons and meet one on one in the afternoons as arranged with teachers.
- Students who are going away on holidays and not able to attend on a daily basis will not be accepted.
- Adequate internet access is required (mobile access is not considered adequate).
- Final Exams (for non-diploma courses) and summative assessment will be done online. No face to face meetings or sittings will be held.
